1.2 Author

Just some dull stuff:

I'm a 21 year old student living in Finland. I'm also a soccer/SWOS/Amiga/C64 enthusiast, as you can see. Anyway I haven't been quite productive in past years, this has been the only big project so far.

My computer setup

Amiga 1200T (Infinitiv tower)

Blizzard 1230-IV 50 MHz

18 Mb Ram

3,2 Gb HD

4xCD Rom

14" Multisync Monitor

If you find bugs on this guide or have any opinions about this project or so, don't hesitate to contact me!

1.3 Thanks

Thanks go to...

- Peter Fischer (fixing German letters, some gameresults, finding that bug etc. You have really been big help so far!)
- A.Nieuwenhuizen (correcting some Dutch data)
- Marcus Stratmann (correcting a few German playernames)

I would also like to thank everyone, who has bothered to mail me comments etc.

1.4 Registration

This guide is actually freeware, so you don't have to pay me anything if you don't want to. But of course paying is not prohibited!

1.5 History

This project has really lasted a long time.. From time to time I lost my interests towards this guide as it took so lots of time to do.

I might have made this guide in a better way, but I wanted to put this guide fast (hah!) together.

I started this project because I wasn't able to get my hands on any

soccer-related CD-Roms available for Amiga. Now there seems to be History Of The World Cup but I haven't bought it yet....

-FIRST AMINET RELEASE-

1.01 Fixed the first and hopefully last bug :) 26.11.1997

(thanks to Peter Fischer for finding it)

Some spelling corrections.

1.02 Putting more information into France 1998 7.12.1997

1.03 Added 4 missing game datas. 11.1.1998

Some little fixes on playerdata.

Guide contains now fixed German letters.

1.04 Again corrected some wrongly spelled names 24.1.1998

Some little fixes, which you wont probably

recognize at all :)

1.6 future

Well, there's not a lot things planned, just overall fixing.

(at least nothing major will be done before World Cup in France)...

But anyway,

- There's still a few missing game results, maybe some misspelled names etc.

- That Brazilian Ademir is a big questionmark, other sources show that he's scored 9 goals in 1950, but others show that he has only made 7 goals.

I believe myself that he's scored 7 goals, as I can't find any games, where he would have scored those "missing" 2 goals.

I really hope that if you find some statistics/names etc.

are wrong and you know the correct ones please report about it to me.
