1.1 The modules on this CD

The mods on Aminet CD 10

On this CD we have more archives from the download charts than we usually do, and many of those are mods, including many classics. There are 700 mods on this CD, of which 350 are newer than Aminet CD 9. A separate index for the new ones you find [here](#) .

Note that some archives contain several modules, only the first one will be played in those cases. Also, please read my notes about [ratings](#)

For the following styles there exist lists (click the 'shuffle' button to play random songs of that style, and click it again to skip a song you don't like):

1.2 Notes about ratings

Notes about ratings

No one will agree with my ratings I'm sure. But hey, I *had* to make them, I could not just throw hundreds to thousands of mods at you. I've tried to be neutral: I made a separate ranking for each mod style, using the full range of marks, even if I didn't like the style.

A module needs two properties to get a top rating from me: Good samples and a melody that doesn't go on one's nerves within 30 seconds. Because of that, and because each style has its own top mods, you'll find many non techno mods in the top ratings.
