Welcome to Clip Art Novice for IBM PC compatibles and
the Macintosh.

These images are for use in your existing DTP (Desktop Publishing)
Applications.

To install ---

WINDOWS Only

1.   Start Windows.

2.   In the Program Manager or File Manager, click on the "FILE" menu option.

3.   Click on the "RUN" menu option.

4.   In the "Command Line Box" type the following:

            "The CD-ROM Drive Letter":\inst_ca.exe

            (or double-click on the inst_ca.exe file in File Manager).

This will create a program group with four icons in the Program Manager.

If you have windows, then you may be able to view the "slide"
show previews of the images. The images on this CD-ROM are for use in
your desktop publishing applications. They are provided in a variety of
formats for your convenience, including EPS, Computer Graphics Meta-File (CGM),
Windows Meta-File (WMF), and TIFF. Please note that the TIFF images are a
bitmapped format and not postscript and will not print with as high
a resolution.

The images are organized by format in the "PC" and "Windows" folder and each image
is available in all four formats. The images are further categorized into
various topics for easy subject location.

See the file "FILELIST.TXT" in the "PC" and "Windows" directory for a complete list
of the topics available, the image descriptive names and their DOS
file names.

Please be sure to register this CD-ROM by printing out the file:
"REGISTER.TXT" or send in the enclosed pre-printed registration card.
This will insure that you will receive upgrades for this product and information
about future products.
