Chapter 1

BNS

1.1 At last !

Yeah, yeah, I know ! This release of BNS mwb was uploaded very late. It's certainly because I've been very busy since BNSmwbIcons 3. But I tried to draw & make some new stuff... The rythm is not the same, you know.

Anyway, here it is, the brand new BNS pack number 4. Just keep readin'N'clickin'...

- System requirements
- Installation
- Legal notes
- Credits
- to do in the Future
- who's the best ?
- This one is for Luigi,
- & this one for NED (Brice Terzaghi)

1.2 Luigi Fantozi

Hi friend !

First I would like to say you that your icons are beautiful (good work), but I'm not going to ask you : How did you make it ? because it's a secret... YOUR SECRET ! Anyway. CONGRATULATIONS.

concerning my aggressive e-mail, everything was repaired and there's... *

Keep drawing, cos' you got gold in your hands (or a really good mouse).

PS : I don't understand a word of Italian, hopefully my friend Charly (SBN if you prefer) is here to translate. Without him, perhaps we would have to communicate like deaf people... with signs.

1.3 watzdis?

This pack feature 16 colors MWB icons & **patterns** , etc

this is an expansion to the MWB pack of XEN... But more colorful (green, yellow, & red are new).

1.4 A good Windows 95 with a 4Mb Graphics card & of course a SVGA monitor with...

MINIMUM

An amiga

A monitor

MAXIMUM

An Amiga (os 2.x/DOPUS/ScalOS...)

A monitor (aspect 1x1 is the best)

A hard disk

1.5 Installation

There are few steps

1° Set the **palette**

2° Replace the icons images using SWAZinfo, Iconian, whatever...

1.7 Legal NOTES

Oh ! I tired of typing this guide... If your machine blows up while your using this piece of software (Pff, typing this for icons is ridiculous), I will not be responsible and I wouldn't like it to happen to me.

One last thing, This archive is freeware but DReAM is not allowed to distribute it on their lame CD. unless I get a free copy of this toilet paper.

1.8 Credits & DisCredits

Kind regards to :

SBN for his technical help and for letting me use his NET-ACCESS (I should have mine in no time... as soon as I get a job.)

Trevor Morris ; Hey ! What Prolite icons has more than 16 colors Magic Workbench icons ?!

Roman Patzner ; Sorry but Its seems that I can't find any ugly enough SEXY or NAKED woman postcard, but don't worry, you'll get one, Promise.

Gino & Ned ; When I saw your icons, guys, I thought : « HUH ! They're better artists than me !!! »

XEN ; We're still waiting your third evolution of MWB, but... Are you dead ?

Kind shot between the two eyes of :

Turtle bay direct ; Where is my HiDensity internal drive ? in Germany ? for repair ?

Just a little advice for the readers :

Wanna get a HiDensity drive ?

Got a Ami.Tech. A1200 (not the C= model) ?

Well, Don't buy AmTrade drives. Buy Micronik ones, they're more expensive but they work.

1.9 What's coming next ?

First of all make more and more icons, because there'll never be enough,

Try to make the BNS MWB Icons International by making some flags,

Draw a new font, without SERIF (a Helvetica clone)

[...] -> Add what you want here.

1.10 Pour mon pote Brice

Je trouve un seul mot à dire : Waouh !

Moi y'en a impressionné, surtout pour l'icône qui représente "tout le temps cannon" tu sais l'image de DPAIN.T.

D'habitude les gens dessinait le masque en rose, et toi t'as réussi à le faire en jaune... Chapôbâ.

T'arrêtes pas en si bon chemin.

Signé : un certain BNS.

PS : DÉZOLÉ, J'ai pas fini les icônes d'Executive, j'ai pas eu le temps, mais j'ai toujours tes grabs.

1.11 You know who it is...

The icons were made on the best machine ever...

1.12 Wh... What !?

To use this icons you should use a DbIPal screen i.e. 720 x 564 and a 11 points screen font because the back patterns are 720 x 550 in size.
