1.2 Intro

SHARKS! is a underwater - diving game

Your diver must seek treasures from the ground of the sea, and bring them to your boat.....

But be carefull - threr are many SHARKS in the water - better don't hit them !

Good luck!

1.3 Einschränkungen und registrieren ...

SHARKS! is SHAREWARE !

The unregistred version has following limitations:

1. You have only one live ...
2. You can only play two level....

REGISTER

To register the game you need a Key-File, that you can get from the autor.
Send 10,- DM oder 5\$ together with :

- Your full Name
- Your full Adress
- Your e-Mail Adress (IMPORTANT)

You will recive soon as possible the Keyfile with a e-Mail.

If you won't (or can't) get eMails, please send 15,- DM or 7\$
for a disk and package. So you will get the keyfile with the normal
mail .

Thank you !

1.4 Install

Just copy SHARKS! the disk to your harddrive or leave it on a disk,
but don't protect the disk for writing on it !
To start the game just click the SHAKRS!-Icon - that's all.

1.5 usage

How to play SHAKRS!

After starting SHARKS! with a doubleclick at the Icon,
you will see the gametitle and some animations. If you press "O"
you will come to the options, press "ESC"- for exit the game and

press "FIRE" to start.

In the game you must get treasures from the ground and bring them to you boat. While doing this, watch out for SHARKS!
A little arrow, right up on the screen, always show the direction to the next treasure. In higher levels there are some "Quallen" (I don't know the english word ↔
:))
touching them will cost some points !!
After the 3. then every 4. round you will come in a bonus-round ...
Catch the downfalling treasures to get points - but don't catch the "X"-symbol it will end the bonus-level !!!
If you get the "+1"-symbol you will get a extra live!
At the end of the time (left upper side), the round will end - so you come back to the normal game ...

You can always exit the game by pressing "ESC" or pause the game with "P"

OPTIONSCREEN

The "F1" key you can choose the framerate of the game.

25 FPS - for faaast AMIGAs (040 +)
18 FPS - for faster AMIGAs (030)
12 FPS - for normal AMIGAs.

The perfect rate is set, when all animations during the game
will run smooth without any flickering (when there are many sharks ↔
...)

The "F2" key will set the difficulty of the game .

"EASY" - the SHARKS! won't come to the ground or the surface and
are a little bit slower as normal ..

"NORMAL"-the SHARKS! won't come to the surface...

"HARD" - the SHARKS! are everywhere, but not if you are close to the ↔
boat.
there are faster as normal...

The "F4" key will switch the background on/off (if you like/don't like the ↔
colores :)).

To exit the optionscreen press "ENTER" or "FIRE".

To EXIT THE GAME press during the titlesequence "ESC".
The hi-score-list and game-config will be saved !
