

## Customize TrueType Signature and Logo

=====

Turn your signature and company logo into a TrueType font. And let Windows print it.

1. It works with ALL TrueType capable Windows applications
2. High quality output.

### 3. Scalable to any size

4. Simple, easy to use
5. Saves time and money

A sample can be found in the "Fonts" directory in the distribution disks/CD. Use the Control Panel\Fonts to install the "John Smith" TrueType font. In any Windows applications, choose "John Smith" font and press "a", the sample signature will appear.

Send us your signature and/or logo, we'll have the TrueType version ready within 48 hrs. Please fill and send/fax the order form along with your signature and/or logo to:
