<u>Requirements:</u>
You must have the following VBRUN files
installed on your computer system to be able
to preview and run some of the Screensavers.

Vbrun300.dll
Vb40016.dll
Vb40032.dll
Msvbvm50.dll

If you are not whether these files are installed
already just click on the Radio button below
that says Install VBRUN files now. This will
simply just overwrite these these if they are
located on your computer system already.

For a more in depth description click on the
Help button below.
