deepGreen presents…

Team Time *Trakker*

Team Time Trakker requires a license file to function.   This evaluation version comes with a four member   evaluation license.   To change the organization name for your evaluation license run SETNAME.EXE (located in the same directory as TTRAKKER.EXE)   You should change your organization name before you run Team Time Trakker for the first time.   If you waited and now you want to change your company name…. Sorry.   You need to delete MEMBER.DAT and run Team Time Trakker again.   If you don't want to delete your data you may send the above file to **deepGreen** by e-mailing.   Include a **License Request Form** and a comment about your problem, and we will send you a fixed version of your member data.

To add more than four members you will need to purchase a new license.   To obtain a new license please fill out the **License Request Form** below and mail it with a check or money order to (make checks out to Jason Dillon):

Sorry… for now this is the only way **deepGreen** can accept transactions.   If you have any questions please feel free to mail us either electrically or manually (we prefer electrically… it doesn't   waste paper).   These prices are not set in stone.   If you are interested please send some mail and we will set you up.

If you do not require more than four members then you may use Team Time Trakker at no cost or obligation.   If you fall under this condition then you may request a license with-out "[EVAL]" in your organization name.   To request this license please fill out the **License Request Form** below and e-mail it to:
