

Export files *.E00

Provided here is a listing and brief description of individual thematic map layers. These map layers are integrated, through the use of AML's, to create the plots shown on the cdrom. Each of these layers are provided here as export files.

Centerr	Geologic terranes of the central portion of Puerto Rico
Central	Geologic map of central Puerto Rico at 1:100,000
East	Geologic map of eastern Puerto Rico at 1:100,000
Eastterr	Geologic terranes of eastern Puerto Rico
Faultc	Fault coverage of central Puerto Rico
Faultcn	Fault coverage of normal faults in central Puerto Rico
Faulte	Fault coverage of eastern Puerto Rico
Faulten	Fault coverage of normal faults in eastern Puerto Rico
Faultw	Fault coverage of western Puerto Rico
Faultwn	Fault coverage of normal faults in western Puerto Rico
Fltintr	Faults and intrusive map units of Puerto Rico
Fnt040	Symbol set which must be available to Pd24a.lin when plotting faults
Gravity	Bouguer gravity map of Puerto Rico
Gravsta	Locations of gravity stations used in computing Bouguer gravity map of Puerto Rico
Leggeol	Legend of 151 geologic map units displayed within twelve geologic terranes
Legprov	Legend of twelve geologic terranes used for terrane maps
Magnetic	Composite magnetic map of Puerto Rico
Metallic	Metallic mineral mines, prospects, and occurrences of Puerto Rico
Matanno	Annotation of the metallic mines, prospects, and occurrences coverage of Puerto Rico
Mona	Geologic terrane map of Isle de Mona
Nmetanno	Annotation of the nonmetallic mines, prospects, and occurrences coverage of PR
Nonmet	Nonmetallic mineral mines, prospects, and occurrences of Puerto Rico
Pd24a	Lineset for putting attributes on arcs representing faults
Permau	Permissive terranes for identified mineral deposit types
Permsk	Permissive terranes for identified mineral deposit types
Placer	Coverage of river drainages with reported gold placer activity
Prcolor	Lookup table for each color assigned to each map unit
Prout	Outline of Puerto Rico
Prprov	Lookup table for terranes assigned to each map unit
Prshade	Lookup table for patterns assigned to each map unit
Strat	Stratigraphic correlation chart for the geologic map units of Puerto Rico
Stratann	Annotation for stratigraphic correlation chart for the geologic map units of Puerto Rico
Ver256.shd	Color shade set used with Versatec electrostatic plotter
Vieques	Geologic terrane map for Vieques
West	Geologic map of western Puerto Rico at 1:100,000
Westterr	Geologic terranes of the western portion of Puerto Rico
