

Table of Contents

Preface

Introduction

Acknowledgments

History of Previous Activities of the U.S. Geological Survey in Puerto Rico

Geology of Puerto Rico

Geologic Map of Puerto Rico With Correlation Chart and Map Unit Descriptions

Associated Thematic Data for the Geologic Map of Puerto Rico

Geologic Terranes of Puerto Rico

Stream-sediment Geochemistry of Puerto Rico, Isla de Vieques, and Isla de Culebra

Geophysical Maps of Puerto Rico

Complete Bouguer Gravity Map of Puerto Rico

Filtered Bouguer Gravity and Gravity Boundary Map of Puerto Rico

Magnetic Map of Puerto Rico

Magnetic Boundary Map of Puerto Rico

Metallic and Industrial Mineral Mines, Prospects, and Occurrences in Puerto Rico

Mineral Resource Assessment of Puerto Rico

Mineral Deposit Summary Sheets

Quantitative Mineral Resource Assessment of Puerto Rico

Topical Studies

Gold Deposits of Puerto Rico

Distribution of Platinum-Group Elements in Nickel-Bearing Laterites
in Puerto Rico

Offshore Sediments and Sand and Gravel Resources on the Insular Shelf
of Puerto Rico

Silt Heavy-Mineral Distributions in the Rio Cibuco System and Adjacent Rivers
of North-Central Puerto Rico

Side-Looking Airborne Radar Mosaic of Puerto Rico

Lignite and Peat in Northwestern Puerto Rico

Bibliography

Appendices

A. Geologic Map Unit Descriptions

B. MRDS Metallic Mines, Deposits, and Occurrences

C. MRDS NonMetallic Mines, Deposits, and Occurrences

D. Geochemical Sample Analysis

E. Puerto Rico MRDS Records and GSSEARCH Retrieval Software

Cover Image

The map on the title page shows a 1920 Map of Natural Resources of Puerto Rico published by the Puerto Rico Department of Agriculture and Labor. The historical perspectives of this map and legend can be observe by zooming into an area of interest.
