Sheet1 H for Help. R to RETURN to prior menu. Category of Maintenance (defaults to ALL): ALL @27 R At this menu, enter an 'R' to return to the Main Program Menu. - Maintenance and Service Call Activity Tracking System -ACS Main Program Menu 03/01/87 04:58:44 Please Choose One 1) Master file options 2) Other Options 3) Select Category X) Exit System Category of Maintenance: ALL @3 @6 You have just examined the 3 records in the Master File. In the next tutorial, you will see how you can customize this program to give it the appearance that would make sense in your application. As you navigate around the program, you will notice that entering either 'R' or the 'RETURN' key will return you to the next higher menu. In this way you can 'branch back' from menu selections that are nested 3 or 4 deep, like an inverted tree. @6 This concludes Chapter 1. @5
