1) Item name

Finding an item from the clipart portion of the Corel GALLERY™ 1,000,000 User Guide

1. Find the item you want to use in the clipart portion of the Corel GALLERY™ 1,000,000 User Guide.
2. In the ‘Location of files documented in the Corel GALLERY™ 1,000,000 User Guide’ table, on page 2, find the item category, and insert the corresponding CD-ROM in your CD-ROM drive.
The item category is located on the banner for that section as indicated by the arrow.
3. Start Corel GALLERY™ 1,000,000, and click the Browse tab.
4. Double-click the icon of your CD-ROM drive, and double-click the icon of the folder where the item you want to use is stored.
5. Scroll the window until you see the item you want to use.

Installing Corel GALLERY™ 1,000,000

You can choose between two installation options: Full Setup and Full Setup With Fonts.

Full Setup option

The Full Setup option installs Corel GALLERY™, Corel Photo House™, and the WebSpice Collection.

Full Setup With Fonts option

The Full Setup With Fonts option installs Corel GALLERY™, Corel Photo House™, the WebSpice Collection, and also allows you to install the fonts supplied with the Corel GALLERY™ 1,000,000 product.

To install Corel GALLERY™ 1,000,000

1. Insert Corel GALLERY™ 1,000,000 CD-ROM 1 into your CD-ROM drive.
If the Setup wizard does not start automatically, click the Start button on the Windows taskbar, and click Run. Type 'X:\SETUP.EXE' where 'X' is the letter corresponding to your CD-ROM drive.
2. Click Setup in the Setup wizard to begin the installation.
3. Follow the instructions in the Corel Setup wizard.

Registering Corel GALLERY™ 1,000,000

Registering Corel GALLERY™ 1,000,000 provides you with timely access to the latest product updates. Other added benefits include valuable information regarding new product releases and access to high quality technical support.

You can register through the Internet during installation, or by clicking the Start menu on the Windows taskbar, then Programs, Corel GALLERY™ 3, Setup And Notes, Register Corel GALLERY™ Online.

You can also complete the registration card included in the box and mail it to Corel at one of the addresses shown on the card.

Uninstalling Corel GALLERY™ 1,000,000

Corel GALLERY™ 1,000,000 includes an Uninstall wizard to guide you through the process of removing Corel GALLERY™ 1,000,000 from your computer. The Uninstall wizard does not delete any Corel GALLERY™ 1,000,000 folders that contain user-created files, nor does it delete shortcuts that have been moved to a different location since the install.

To uninstall Corel GALLERY™ 1,000,000

1. On the Windows taskbar, click the Start button, then click Programs, Corel GALLERY™ 3, Setup And Notes, Corel Uninstaller.
2. Follow the instructions in the Corel Uninstall wizard.

Changes to the Corel GALLERY™ 1,000,000 User Guide

On page 2, the 'The WebSpice Collection' section should read as follows:

The WebSpice Collection

The WebSpice Collection is an assortment of images you can use when you create Web pages. The WebSpice Collection includes

- arrows and buttons
- backgrounds
- bullets
- rules

On page 17, the following section has been added:

Viewing icons and thumbnails

The Corel GALLERY™ desktop displays icons or thumbnails of Corel GALLERY™ 1,000,000 items. Thumbnails and icons let you preview images, that is, clipart, photos, Web images, and animations. A Corel GALLERY™ 1,000,000 icon is a pictorial representation of a Corel GALLERY™ 1,000,000 item. A Corel GALLERY™ 1,000,000 thumbnail is a miniature, low-resolution version of a Corel GALLERY™ 1,000,000 item. Even when you are viewing thumbnails,

sounds and videos are always represented as icons. The only difference between icons and thumbnails is the way they appear on the screen.

Viewing icons

You can view items as large icons or small icons. Large icons are easier to see than small icons, however, small icons let you view more items at a time.

To view icons

- Do one of the following
 - Click View, Large Icons.
 - Click View, Small Icons.

Viewing thumbnails

You can view clipart, photos, Web images, and animations as thumbnails.

To view items as thumbnails

- Click View, Thumbnail.

Resizing thumbnails

You can resize the thumbnails to make them appear larger or smaller.

To resize thumbnails

1. Click View, Thumbnail Size.
2. Choose a size from the Size box.

On page 19, the note in the ‘Accessing clipart and photos using the Search page’ no longer applies.

On page 20, the following text should appear after the ‘To access items in the Search page’ procedure:

To search for...	Type any of these keywords
Sounds	sound, wav, midi
Videos	video, movie, avi
Animations	animated

On page 45, the ‘Welcome to the WebSpice Collection’ section should read as follows:

Corel GALLERY™ 1,000,000 includes the WebSpice Collection, an assortment of images you can use when you create HTML files, such as Internet and Intranet pages. The WebSpice Collection includes arrows, backgrounds, bullets, buttons, and rules. A variety of colors and styles are provided so you can use the images immediately — no graphics editor is required.

The WebSpice Collection uses your Web browser to access the images in the collection. If you do not have a Web browser installed on your computer, you will not be able to use the WebSpice Selection Wizard. You can, however, use the Browse page in Corel GALLERY™ to access the images in the WebSpice Collection even if you don't have a Web browser.

The WebSpice Collection works with all popular HTML editors.

On page 46, the ‘To start the WebSpice Collection’ procedure should read as follows:

To start the WebSpice Collection

1. Click the Start button on the Windows Taskbar and click Programs, Corel GALLERY™ 3, WebSpice Startup.
2. Insert CD-ROM 2 in your CD-ROM drive.
3. Follow the instructions on your screen.

You will be prompted to insert CD-ROMs 2-6 as needed.
