FREE! NETCOMplete

To install your free copy of NETCOMplete:

Using Windows 3.1 or Windows 3.11

1. **Place the CD into you CD-ROM drive.**
2. **In Program Manager click on FILE, then click on RUN.**
3. **Type in D:\WIN31\SETUP and press Enter. (If your CD-ROM drive is not D, then change it to the letter associated with your CD-ROM drive.)**
4. **Follow any instructions which appear on the screen.**

Using Windows 95

1. **Place the CD into you CD-ROM drive.**
2. **In the start-up screen, click on START, then click on RUN.**
3. **Type in D:\WIN95\SETUP and press Enter. (If your CD-ROM drive is not D, then change it to the letter associated with your CD-ROM drive.)**
4. **Follow any instructions which appear on the screen.**

Welcome to Arts & Letters DRAW Deluxe

The following products are included on this CD-ROM.

1. **Arts & Letters DRAW Deluxe-** A powerful and complete drawing and illustration program with over 1,000 Drag & Drop clip-art images, 30 outline typefaces - everything you need to begin creating your own artwork. And once you're familiar with Arts & Letters DRAW, step up to Arts & Letters EXPRESS, top of the line of Arts & Letters graphics products, with over 10,000 Drag & Drop clip-art images, powerful drawing tools and special effects.

2. **Arts & Letters DRAW User's Guide** - To print a copy of the Arts & Letters DRAW User's Guide, just click on the Print User's Guide icon. Over 90 illustrated pages of information about DRAW are provided for those users that prefer a printed User's Guide. Includes a table of contents and an index.

3. **Arts & Letters EXPRESS** - Top of the line of Arts & Letters graphic arts products with over 10,000 Drag & Drop clip-art images, 1,000 fonts in PostScript and 1,000 fonts in TrueType format, advanced drawing and editing tools, and special effects.

   In laboratory tests conducted by one of the largest and most influential computer magazines in Europe, MikroDatorn, Arts & Letters was ranked #1 in ease-of-use and performance vs. CorelDraw 4.0 & 5.0 and Micrografx Designer. For example, in total time to print the same page, Arts & Letters was over twice as fast as Corel 4.0 and 5.0.

   Featured on the cover of CD-ROM Today, EXPRESS was rated Editor's Choice. John Agger, writing in Windows World Magazine, said in a recent review; "There is no other program on the market that offers so many functions and incredible performance. EXPRESS is a wolf in sheep's clothing; it's fast, efficient and powerful -- yet easy to learn and even easier to use."

And performance is just one of the reasons it's called Arts & Letters EXPRESS. Test Drive it yourself and check out the Special Offer in the Help menu.

4. **Arts & Letters EXPRESS User's Guide** - To print a copy of the Arts & Letters EXPRESS User's Guide, just click on the Print User's Guide icon. Over 200 illustrated pages of information about EXPRESS for those users that preferred a printed User's Guide. Includes a table of contents and an index.

5. **EXPRESS Art Show** - Dozens of images created using Arts & Letters EXPRESS illustrate the power and versatility of this award-winning product. A narrated sound track explains how you can create professional-quality artwork quickly and easily. To end the show at any time, click on the left mouse button. At the end of the show you can click on EXPRESS Features for a complete listing of the capabilities of EXPRESS.

6. **A Guided Tour of SpaceAGE -** Along the way you will see and hear some of the more spectacular sights and sounds of this award-winning multimedia encyclopedia about space flight. Endorsed by the National Space Society and featured on CNN Future Watch, SpaceAGE was named "Best Space CD" by CD-ROM World magazine — "a stellar reference work — galactic learning doesn't get any better than this."

7. **A Guided Tour of Arts & Letters Dinosaurs** - One of the Arts & Letters DRAW series of art, craft and knowledge products designed to encourage creativity, exercise the imagination and develop computer skills. There is a special collection of dinosaur clip art, scenery and a database of information about the most amazing creatures to ever roam the Earth. Learn about dinosaurs from Louis L. Jacobs, Ph.D., noted author, explorer and dinosaur hunter. A prominent paleonologist, Dr. Jacobs explains the importance and appeal of dinosaurs.

8. **A Guided Tour of Arts & Letters WarBirds -** A complete drawing and illustration program with over 1,000 Drag & Drop clip-art images and typefaces; everything you need to create an endless supply of artwork. And while the primary focus is military aviation from WW I through WW II, there are hundreds of general purpose images you can use to create signs, posters, greeting cards, and artwork for any occasion. The on-line encyclopedia about military aviation includes a library of special sound effects, aircraft flybys and famous speeches by Churchill, Monty, Galland, Patton, Eisenhower, MacArthur.

9. **A Sneak Preview of Apollo 13** - This two-CD set recounts the drama of one of the most suspense-filled adventures of the space age -- the flight of Apollo 13. If Apollo 11 was NASA's greatest triumph, Apollo 13 was its finest hour. When the call came, 204,956 miles from Earth, "Houston, we've had a problem," thousands of NASA employees and contractors worked nonstop against incredible odds to bring Apollo 13 back from the brink of disaster. Includes 3-D animation, video, photographs original artwork and an interview with James Lovell, commander of Apollo 13.

PLEASE don't overlook the information that follows about the Arts & Letters **ALLETTER.INI** file**.**

A Few Words About Performance

Arts & Letters DRAW can be run from the CD or installed to your fixed-disk drive. drive. We recommend that you install DRAW if you have the fixed-disk space (approximately 28 MB) as the relatively slow access time of CD-ROM drives will have a dramatic impact on performance.

The Guided Tour of Arts & Letters EXPRESS runs primarily from the CD-ROM. The program and indexes are installed on your fixed-disk drive but all of the files

and clip-art images are retrieved from the CD-ROM. The performance of EXPRESS will be affected by the relatively slow access speed of CD-ROM drives. The retail version of EXPRESS allows you to install selected files and images that you use frequently on your fixed-disk drive thereby improving performance while accessing the remainder of the files from the CD-ROM on an as needed basis.

IMPORTANT: If you already have a version of Arts & Letters EXPRESS installed on your system, do **NOT** install the Test Drive version as it may overwrite your working copy of EXPRESS.

Installation Instructions

1. Start Microsoft Windows. At the top of the Windows display, the title bar should read Program Manager.

2. Pull down the File Menu and choose the Run... command.

3. Type x:\install where x is the CD-ROM drive on your computer (D, E,etc.). Press the Enter key on the keyboard to run the installation.

4. Pull down the Installation menu and choose Install. The Product Choices dialog box will appear.

5. Choose the option that best suits your needs and click on OK.

6. Follow the on-screen instructions.

To Run Arts & Letters DRAW:

To start Arts & Letters DRAW, click on the DRAW icon in the Arts & Letters program group.

To Run the Arts & Letters EXPRESS TestDrive:

To start Arts & Letters EXPRESS TestDrive, click on the EXPRESS TestDrive icon in the Arts & Letters program group.

To Run the EXPRESS Art Show:

To start the EXPRESS Art Show, click on the EXPRESS Art Show icon in the Arts & Letters program group. To pause the Art Show at any point, click on the right mouse button. To end the tour, click on the left mouse button.

To Run the Guided Tour of SpaceAGE, Dinosaurs or WarBirds:

Click on the appropriate icon in the Arts & Letters program group. To pause the tour at any point, click on the right mouse button. To end the tour, click on the left mouse button.

To Run the Sneak Preview of Apollo 13:

To start the Sneak Preview of Apollo 13 click on the Apollo 13 Sneak Preview icon in the Arts & Letters program group. To end the sneak preview press Z-Esc.

Information about the Arts & Letters ALLETTER.INI file:

The following section describes the purpose of each line in the private .INI file. The ALLETTER.INI file is located in your Windows directory with a backup copy in your WarBirds directory. It is not necessary to make any adjustments to the .INI file unless you wish to customize the installation of DRAW.

Use Notepad to open the Alletter.ini in your Windows directory to make any changes to the [Draw] section of the Alletter.ini file.

[Draw]
This line is the heading. It identifies which product the following lines are used for. Each new product will have its own heading in the ALLETTER.INI file.

DinoDraw=C:\DRAW
This line is used by the installation program to identify where the main program files are to be located. When updating or reinstalling DRAW, this entry identifies the default path and directory.

BackupPath=C:\DRAW
If "Make Backup" is selected in the SAVE, or SAVE AS dialog boxes, the directory specified above is where the backup files are saved. The file extensions are automatically renamed to .BAK instead of .GED so that they may be placed in the same directory as the .GED files.

Symbols=C:\DRAW\SYMBOLS
This line points to the directory in which SINDEX.ALL and any available SLIBxx.ALL files are located.

Typefaces=C:\DRAW\TYPEFACE
This line points to the directory where Arts & Letters typefaces (SFONTxx.ALL) are installed.

Config=C:\DRAW\STARTUP.DEF
This line defines which file EXPRESS is to load as the default. The file name and even the suffix (.def) are arbitrary and can be changed as long as the file is specified in the above line. The directory can be anywhere on your system. The file that is loaded determines internal paths and settings. The on-line Help and the printable User's Guide contains details for how to change and save the default settings.

Libraries=2
Library1=C:\DRAW\CUSTOM6*.yal
Library2=C:\DRAW\CUSTOM6\aircraft.yal
This section relates to the Clip-Art Manager. The first line specifies how many of the library entries (described on successive lines) should be loaded into the Clip-Art Manager. Each line that follows can point to any location and load a specific file or all files in a directory by using standard wildcard conventions. The last line in this list tells the Clip-Art Manager which library to highlight as the default library when the Clip-Art Manager is displayed for the first time.

Activities=2
Activity1=C:\DRAW\D_ACT*.yal
Activity2=C:\DRAW\D_ACT\COMPOSE.yal
This section is identical in purpose and operation to the previous section except that it refers to the Activity Manager.

Alternate symbols=D:\DRAW\SYMBOLS
This line points to the alternate location where SLIBxx.ALL files may be found to supplement the original SYMBOLS= line. Unless all of the symbol data is installed on your local fixed-disk drive, DRAW will also look for symbol data in the alternate location specified, generally a CD-ROM drive or a network drive.

Alternate typefaces=D:\DRAW\TYPEFACE
This line points to the alternate location where SFONTxx.ALL files may be found to

supplement the original TYPEFACES= line. Unless all of the typefaces are installed on your local fixed-disk drive, DRAW will also look for typeface data in the alternate location specified, generally a CD-ROM drive or a network drive.

DemoPath=D:\ARTSHOW
This line is used by the on-line Help system to find multimedia applications related to each specific product.

ArtShow=D:\ARTSHOW
This line points to the directory on the CD-ROM that contains the EXPRESS Art Show. If the path is left blank after the "=", the menu item is disabled. If the line is omitted, a default path is assumed.

Database=
This line points to the directory which stores multimedia applications that work with the Database menu in the Arts & Letters DRAW series of applications. If this line is omitted, a default path is assumed.

Index=SINDEX.ALL
Lib=SLIB
Font=SFONT
These features are not implemented in this release.

ShowDuplicateYALs=0
This line controls how the Clip-Art Manager and Activity Manager load and list YAL files with duplicate library names. If this line is omitted, a default of "0" is assumed and the program will NOT list YAL files that have duplicate library names. If this line is present and has a value of "1" the program will list all entries. This feature is designed to accommodate installations where .YAL files may be stored on your local drive and on a CD-ROM or network disk drive. The program loads each library and compares it with all other libraries. If it finds a duplicate, it lists the library with the most recent date stamp and ignores the others.

PSDriver=0
This line controls how DRAW handles printing to a Postscript Device. If this line is omitted, the program assumes a default of "0" and tries to supplement the printer driver with Arts & Letters specific features. If this line is present and has a value of "1" the program does not supplement the driver. This can be used as a correction for some PostScript printing problems but it limits the program in several ways. PostScript separations are turned off (which affects Screen angle settings, UCR for TIFFs etc.), and color output goes through Windows RGB color values instead of our CMYK color values which may cause color matching problems. This option is still under development and may be enhanced in the future.

MRUFile1=C:\DRAW\FLOWER.GED
MRUFile2=C:\DRAW\ANYFILE.GED
MRUDef1=C:\DRAW\STARTUP.DEF
MRUStyle1=C:\DRAW\STYLE1.STY
MRUPal1=C:\DRAW\PALETTES\CHROMA.PAL
This section lists the Most Recently Used of several Arts & Letters file types. It can list as many as four files for each type (FileN=DRAW files, DefN=Default files, PalN=Palette files, StyleN=Style files).

If these lines are omitted, the program will use internal defaults.

Turning Off the Opening Sound File

To turn off the opening sound when starting Arts & Letters DRAW, you must modify a line in the Alletter.ini following installation. Use Notepad to open the Alletter.ini in your Windows directory and remove everything after the "=" sign:

"MMSplashWave=X:\DRAW\WAVE\Draw.wav"

where X is the designation of your CD-ROM drive. Do not delete or change any other portion of the line.

TECHNICAL SUPPORT

If you have any questions, see the on-line Help or contact one of the distributors listed below. If there is no distributor for your country, write or fax:
