Rules and Scoring

The Object of the Game: To build eight complete same-suit ascending sequences.

The Opening Deal: Shuffle two packs of cards together. Deal twelve cards in a row singly. Keep the other ninety-two cards faced down as the stockpile.

The Play: Any card on top of the twelve piles in the tableau can be played, one at a time. An Ace can be moved to an empty foundation, and any other card can be moved onto a foundation to form a same-suit ascending sequence. Any movable card can also be moved to the twelve piles in the tableau to form same-suit descending sequences. The stockpile can be turned out one by one to a wastepile, and the top card of the wastepile can also be played. A space on the tableau can only be filled by the card from the top of the wastepile. There is no redeal from the wastepile. You win when all eight foundations come out in complete suit sequences.

Variations: One option allows you to move cards from the foundations back to the tableau. Another option allows redeal once.

Scoring: You lose 1 point for each card turned out from the stockpile, and gain 2 points for each card moved to the foundations. You are charged 10 points to redeal from the wastepile (when the game option allows). Scoring will be discontinued once you undo, restart, or load from a saved game, until the beginning of a new game.
