

## Mozart development diary

This is a brief catalogue of improvements to **MOZART** as they are done.

### Version 1.0.2

Uploaded to oak.oakland.edu (SimTel)  
Uploaded to ftp.cica.indiana.edu

**31 October 1994**

5 November 1994

9 November 1994

### Version 1.1.0

Fixes problems with some video displays.  
Uploaded to oak.oakland.edu (SimTel)  
(cica is down for a while!)

**10 November 1994**

11 November 1994

### Version 1.1.1

Cancel-print button now works.  
Gives way to other processes while printing.

**15 November 1994**

### Version 1.2.0

Copy-Image command and show/hide start/end music.

**19 November 1994**

### Version 1.2.1

Bug removed in sqashing first bar.  
The caret information popup page in the help is no longer too large for a VGA screen.

**26 November 1994**
