Overview

Acey Deucey is a casino style card game. The player places a bet and is dealt two cards. He then has the option to raise the bet or stay. A third card is then dealt. If the third card is in-between the first two the player wins.

Playing the Game

Before each hand, the player can raise or lower his bet using the + and - buttons in the Bet Box. This table has a \$5.00 minimum bet and a \$200.00 Maximum bet.

To deal the first two cards click the deal button.

The player can now raise his bet using the + and - buttons in the Raise Box. The raise cannot exceed the initial bet.

Note

- * No raises on a possible three of a kind.

- * If the cards are consecutive, the hand ends and no money is lost.

Click the deal button again to deal the third card.

House Rules

Eight decks of cards are used per shuffle. Cards are dealt until approximately one or two decks remain and are then reshuffled.

Minimum bet is \$5.00

Maximum bet is \$200.00

Raises cannot exceed your initial bet.

Ace is always high.

Consecutives cause a redeal, before which the initial bet may be changed.

No money is lost on a possible 3 of a kind.

The payoff varies depending on the spread and is indicated on the spread chart.
