

Thank You!

We know there are lots of magazines to choose from and we're delighted that you've chosen to renew your subscription to Computer Life. As a special bonus, we've put together a terrific selection of shareware.

The Best of Shareware was put together by the editors of Computer Life and is filled with tons of useful products for you try out. These products are developed by individuals or small companies, then distributed free on the open market. They have been carefully tested to ensure they are useful and virus free. In the spirit of shareware, please remember that if you decide you'd like to use the shareware on this disk permanently, you are honor-bound to pay the software author.

There are lots of great products here that I'm sure you'll enjoy!

Maggie Canon  
Editor in Chief
