Dear 4:

Thank you for your interest in our products. As a professional in today's competitive Widget industry, you're well aware of the value of self-replicating Super Widgets. I'm happy to say that our firm has the superest Super Widgets in the market. We're so sure you'll like our widgets, we have a full money-back guarentee. In fact, if you return your widgets for any reason, we'll even pay the remaining balance on your home mortgage.

4, we have just one Super Widget left in our 8 warehouse. In fact, we originally stocked this widget because we were **so sure** we'd sell it to 2. I look forward to hearing from you. **Call now to order!**

Sincerely,
