

# Kinger2000

BoxScanner. This program scans and Ip for shit. Ok here comes the part I have to say about this program. This program is for educational purposes only, I will not get in trouble for what you do with this or any of the program on my site. If you use this program badly you might get in trouble, so use it at your own risk. I am not responsible if there is a virus in this, I have used this program but there are still possibilities of a virus getting in it. So in other words you use this text at your own risk.

**If you put this program on your site, you must put a link on your site to my site!! You also must keep this Readme file with this program!!**
