The We-Blocker icon is the small "We" symbol in your computer's system tray (generally located at the bottom right-hand corner of your screen next to the clock).

Either right or left clicking on this icon will display all the available options for your We-Blocker account, including the ability to access the Master Controls and logging on or off a User Account.

We-Blocker allows you to set up a password-protected personalized account for each member of your household. Each account is given a certain set of restrictions based on our seven categories of blocked material. You are NOT required to add users to use We-Blocker.

On setup, the software automatically installs a Master User account, which can be edited but not deleted.   The Master User controls the software and can create and customize additional accounts.

By default We-Blocker will automatically open in Guest Mode each time you start your computer. This feature can be edited or disabled all together through the Master Controls.

To log-in under your individual account, right or left click the "We" icon in your system tray, then select "Change Current User" from the menu.   A dialog box will appear prompting you to enter your user name and password.

We-Blocker

To uninstall We-Blocker

1. Go to your Start Menu.

2. Under "Programs," choose "We-Web,"   then from the resulting menu select "WeUninstall".

3. You will be prompted to enter your PARENT account password.

Provided that the password is correct, We-Blocker will completely uninstall itself.

If you encounter a problem not addressed in the We-Blocker Help Section, please consult our web site at http://www.we-blocker.com/support/index.shtml.

E-mail support is available exclusively to supporters of We-blocker at support@We-Blocker.com. Be sure to include your name as shown in the about tab in master controls. All password issues must be resolved using phone support.

We-Blocker live phone support is available for ALL users by calling (480) 609-9277, Monday through Friday, 8AM to 5PM MST. Please be aware that there is a $10.00 charge per phone support incident. (Visa and MasterCharge accepted).   To ensure that we may assist you to the best of our abilities, we kindly ask that you be at your computer when calling.

END USER LICENSE AGREEMENT

By downloading and/or installing the software contained herein, you as the user (The "Licensee") As the Licensee hereunder, you should read all of the terms and conditions of this License PRIOR to installing or using the We-Blocker software (The "Program"). You must accept the terms and conditions of this License or you will not be able to install this software program. We-Blocker is a software program that is created, distributed, and owned by We-WebCorp.com an Arizona Corporation.

Use of this software is free to the general public, including but not   limited to government, commercial, educational and personal institutions   and households, provided that the following conditions are met:

1) Any redistribution must be of a verbatim copy of:

   a) The program that is downloadable from http://www.we-blocker.com or approved third-party download site

   b) Any authorized custom version downloadable from ftp://www.we-blocker.com or approved third-party download site

   c) Standard or customized program as it was received from portable media

2) The program may not be reverse engineered, decompiled, customized beyond what the program allows, be used within any other programs or altered in any way. Any of the aforementioned activities terminate any rights granted under this license.

3) Filtering is not a perfect science and Licensee accepts this as a condition of product use.   It is recommended that the Licensee contact We-WebCorp.com for technical assistance on issues related to The Program but We-WebCorp.com has no obligation to provide ongoing technical support for The Program.

4) Licensee understands that it is their responsibility to track their personal password and agrees to follow the strict We-WebCorp.com procedure to show the Licensee how to reveal their password.

5) Licensee understands filtering is the attempt to control specific Internet content. Licensee empowers The Program to aid them in:

   a) filtering content on their computer by canceling requests for any URL listed in their local database of sites to block.

   b) Stop display of webpages containing words existing in their local database of "Block on Word" list.

   c) Attempt to block any banner ads request from this computer and replace with g-rated ads known to We-WebCorp.com on the Licensee behalf.

6)   It is agreed between the parties that the filtering is done on a best effort basis. Some websites and banner ads may be blocked that the user did not expect to be blocked and may not agree with the blocking of.   The user accepts this blocking as a condition of The Product use. If the level of filtering is not acceptable to the Licensee, it is their option to uninstall the software. Licensee understands and agrees that The Program may attempt to block banner ads and that The Program will
use that event to serve banner ads from We-WebCorp.com's own ad servers to the user's desktop.

7) The Licensee understands and agrees that they must use the We-Blocker provided uninstaller to properly remove the program.

8) Free redistribution of the program, or verbatim copies of the program to the general public is permitted. The program may be combined or packaged with other products and services, provided that there is no charge to the clients or customers for the inclusion of We-Blocker, that We-Blocker is not used for unauthorized promotional purposes or as an endorsement of the distributor, or presented as a value-added service. The use of this program is limited to the purpose of controlling Internet
web content. Any use of We-Blocker software other than its intended use of blocking websites is stric
tly prohibited and enforceable under the laws of the State of Arizona. We-WebCorp.com may not be held
 responsible for any damages, real or imaginary, that may occur from the use of, misuse of, or inabil
ity to use this software in any way. We-Blocker software and We-Web.com are trademarks of We-WebCorp.
com. All rights not specifically granted in this license are reserved by We-WebCorp.com. (c) 1999

We-WebCorp.com.

The Master Controls is the command center of your We-Blocker Filtering Software. Here you can add, edit and delete user accounts, customize filtering, monitor Internet access for each user, and add and remove blocked web sites.

Only the Master Account has access to Master Controls which can be opened by right or left clicking on the "We" icon in your system tray.

It is very important to keep track of your Master Password, as without it, you will not be able to access the Master Controls. Tech support charges $10 for lost password help.
