

For Delphi 16 & 32 Bit Version 2.2 (Evaluation)

Description

Pzazz! contains six components for Delphi: TPZLabel, TPZShaded, TPZBitmapButton, TPZSpeedButton, TPZListView and TPZTreeView.

Unzipping

The pzazzdem.zip file should have been unzipped using the -d option to create the subdirectories.

16 bit Installation

- Choose Install Components from the Options menu.
- Click the Add button.
- Click the Browse button.
- Find the directory into which you unzipped Pzazz!
- Open the VCL16 subdirectory.
- Highlight the file PZAZZ.PAS and click OK.
- Finally click the OK button of the Install Components form.

32 bit Installation

- Choose Install from the Component menu.
- Click the Add button.
- Click the Browse button.
- Find the directory into which you unzipped Pzazz!
- Open the VCL32 subdirectory.
- Highlight the file PZAZZ.PAS and click Open.
- Finally click the OK button of the Install Components form.

Help File Installation

- Copy the file PZAZZ.HLP from Pzazz's HELP subdirectory to Delphi's BIN subdirectory.
-

- Copy the file PZAZZ.KWF from Pzazz's HELP subdirectory to Delphi's HELP subdirectory.
- Change directory to Delphi's HELP subdirectory.
- Run HELPINST.EXE for 16 bit Delphi or TOOLS\HELPINST.EXE for 32 bit Delphi.
- Choose Open from the File menu.
- Open the file DELPHI.HDX found in Delphi's BIN subdirectory.
- Choose Add Keyword File from the Keywords menu.
- Find the file PZAZZ.KWF and click OK.
- Choose Save from the File menu.
- When the HDX file has been compiled and saved exit from HELPINST.

You may find that when you come to use the help file for the first time Windows reports it cannot find it and will ask you where the help file is, choose the file PZAZZ.HLP in Delphi's BIN subdirectory.

Demonstration Program

There is a demonstration program which can be found in the PZDEMO subdirectory, this program has not been compiled to keep the zip file size to a minimum, open the PZDEMO.DPR project file in Delphi and run it from there.

Registration

This version of Pzazz! is for evaluation purposes only. Registered users of Pzazz! will receive full source code, unlimited email support and free updates.

Cost: (US)\$49.00 / £29.00
