# Worldgroup Manager

Version 1.00

The Information Superhighway just became user-friendly! With Worldgroup Manager (WGM), you can contact a rapidly growing number of Worldgroup online services, plus thousands of BBSes running The Major BBS.

The Help files for Worldgroup Manager include lots of general information as well as specific how-to instructions. Just double-click the Help icon in the same Program Manager group with the Worldgroup Manager icon and this ReadMe.Wri icon.
