

Credits & Acknowledgments

Special acknowledgments are in order:

To Cliff Joyce at Dubl-Click Software, Inc. for the color picker and advice and support.

To Glenn Brown for some neat ideas (many of which made it into the utility).

To Bill Johnson and Dave Heller for some quite useful techno tidbits.

To Joe Zobkiw for a nice sample for getting label colors.

To Diane Dollahan & Paul Wierzbowski for support and encouragement.

To all my beta testers (past and present), without whom this roller coaster ride might have ended long ago, and not altogether happily:
