Little Icons
Icon Collection

What's This?

I've totally fallen for the tiny interface icons the Iconfactory (http://www. iconfactory.com) did for Microsoft Outlook Express. With their work in mind, and the popularity of my previous 'Little Accessories Set' behind me, I've made another set of smaller than usual icons - though some of these icons are slightly larger than 16x16 pixels.

To re-iterate the below legal agreement, you can use these icons on any personal website or as part of a freeware software package. If you intend on using these icons on a corporate web site or software package, you had better talk to me about licensing, ok?

By downloading this file you   are agreeing to be bound by the terms of this agreement.

How to make use of these Mac Icons:
1. You need system 7.0 or higher.
2. Do a "Get Info" (File menu) on the original icon file that you want to use.
3. Click on the icon in the window; choose "Copy" (Edit menu).
4. Close the window, then "Get Info" on destination file/folder/disk.
5. Click on the icon, choose "Paste" (Edit menu).
6. Don't forget to e-mail me and let me know what you think!
